On the School Scene

By Joan Frame

The month of September contains one of our most important, though perhaps least recognized, holidays—that of constitution day, Sept. 17.

Along with our celebrating of other less important days, perhaps we should devote more emphasis to the consideration of the document on which our country was founded.

Our constitution is said to be the greatest document of all time, and when we reflect on the years it has guided and assisted us through critical situations, we realize the importance of giving due consideration to constitution day.

Representative from State Department visits local school.

State inspector of schools, L. L. Louthian, who is inspecting Greene county schools this week, visited Cedarville school on Wednesday.

New Projects Announced By Band

Cedarville's high school band is now engaged in the organization of a swing band. Their first practice was Wednesday, Sept. 20. Members of the group are Pat Davis, solo trumpet; Carol Sue Duval, second trumpet; Nancy Crowell, saxophone; Carolyn Collins, saxophone; Janet Crumrine, snare drum; Janet Gordon, bass clarinet; Nancy Harris, trombone; Shirley Powers, piano.

The band is also making plans to have a "Waffle and Sausage Supper," date to be about the middle of October. Further announcement will be made soon in this column.

Local Students in American Legion Play

Mary Jo Duval, CHS senior, will have the leading role of

Ginger in the hilarious variety show, "It's a Date," which will be produced by the American Legion and the Legion Auxiliary on Thursday and Friday nights at the local opera house. Playing opposite Mary Jo will be Jerry Wilburn in the part of Jo.

Special choruses will feature the following CHS girls as "switchboard" girls: Faye Huston, chief operator; Pat Collier, Louise Anderson, Marilyn Stewart, and Shirley Lowry—operators who listen in on the conversation of the leading couple.

Cedarville hi pupils included in the cast are: Faye Huston, Clara Sexton, Mary Jo Duval, Mary Jane Heathcock, Susan Scott, Rosalie Andrews, Janet Sue Schendelcker, Leona Shaw, Janet Stewart, Marilyn Stewart, Louise Anderson, Judy Schwab, Shirley Rogers, Louisa Williams, Pat Collier, Shirley Lowry, Carolyn Collins, Nancy Dean, Dorothy Hubbard, Martha Jean Deek, Janice Kay Wilburn, Shirley Glass, and Janet Williamson. These girls appear in the fast-moving number, "Vacation Time."

Miss Gwynne Rosier is director of the play.

Proceeds from the performance will be used to purchase flags for the Cedarville Girl Scouts, and chairs for the Boy Scouts.

Student Senate Organizes

The student senate held a meeting last Wednesday at which the election of officers took place.

Results of the election are as follows: president—Kent Williamson; vice president—Dorothy Carzoo; and secretary—Martha Carzoo. Mr. Boyer will act as advisor of the group. On Thursday morning they met to arrange a schedule for the year after they had talked with their respective classes.

Names of representatives selected by various school organizations which were not listed in the first issue of the column are as follows: boys chorus—Don Baldwin and Ronald Boase; FFA—Jim Turnbull and Don Straley.

Government Class Hears Interesting Report

In accordance with one of the main objectives of the Buckeye Girls' State, Mary Jo Duval, senior girl representing CHS in the conference, reported her experience to members of the government class recently. The primary purpose of the summer congress is to give delegates a better understanding of how our government operates, and this is the means of helping their classmates at home to have a more realistic conception of the workings of our government.

Four hundred and thirty-nine girls attended the congress last summer, which was held at Capital university, in Columbus, June 18-25, 1950.

The assembly was divided into two parties, the Idealists and the Realists, similar to our two-party type of government. Senators and representatives were elected from each party. Mary Jo Duval had the distinction of being one of the five senators, who together with "five representatives," escorted the governor, Nancy Smith, of Jamestown, at the inauguration. The two houses discussed and passed bills, following the procedure which our congress uses. This made it possible for the girls to have first-hand experience in Parliamentary procedure.

A joint session was held in which the delegates made a resolution thanking the American Legion Auxiliary, who sponsored the expenses of the delegates.

Jamestown Man Killed in Auto Accident Friday

A Jamestown man became Greene County's 27th traffic fatality of 1950 after his car went out of control and struck a tree on South Main Street near the corporation limits of Cedarville at 11:20 p. m. Friday.

He was Laurence Harold Carpenter, 60, who was killed instantly. Coroner H. C. Schick ruled his death accidental and said it was due to a fractured skull.

Sheriff's deputies said the man was apparently returning to his home in Jamestown on Route 72 from Clifton through Cedarville. He crossed the Pennsylvania railroad crossing, then lost control of his auto and it smashed into the tree. The car was a total wreck.

He was alone at the time of the accident. It was reported three Cedarville youths had pulled his auto out of a ditch near Clifton earlier in the evening.

Born in Jamestown, Feb. 24, 1890, he was the son of George O. and Nora Neiberger Carpenter. He lived in Dayton for 12 years while employed by the Gallaher Drug company there until 1944, when he returned to Jamestown. He had been employed since at the Hornberger drug store.

He was a member of the Masonic lodge of Delaware and the Jamestown Methodist church.

His wife, Marjorie Ginn Carpenter, died in 1944. The only survivor is Mrs. Robert Frohmiller, Cincinnati, his daughter.

Funeral services were held at 2 p. m. Monday at the Powers funeral home with burial in the Jamestown cemetery.

Miss Swaney to Be Home Coming Queen Saturday

Miss Margaret Swaney, daughter of Mr. and Mrs. Frank Swaney of Cedarville will reign as home coming queen at Cedarville college Saturday, Sept. 30 at the football game between Ashland and Cedarville, and at the home coming dance at the high school auditorium in the evening.

Miss Swaney will be attended by Mary French, daughter of Mr. and Mrs. Willis French of Jeffersonville, and Miss Rebecca Creswell, daughter of Mr. and Mrs. Howard Creswell of Cedarville.

Miss Swaney and Miss Creswell are members of the Cedarville high school class of 1950 where they were active in the chorus. Miss French, a sophomore was president of her senior class in high school and has been active in extra-curricular activities on the college campus since she came to Cedarville.

Seek Renewal Of Bond Issue In Ross Twp.

Ross township voters will be asked to renew a three-mill school tax levy which expires this year when they go to the poll Nov. 7.

Robert Crabbs, supervising principal at Ross school, said the levy has been operating four years and the tax rate would be unchanged. The present rate is the second lowest in Greene county. The extra levy is used for operating expenses.

Mr. Crabbs says although there has been no increase in costs, the school will be able to continue operating on its present income.

Two Speakers Address Club

William Saxbe, Champaign county's representative in the state legislature, whose home is in Mechanicsburg, and Lucille Byerly of the same town addressed a meeting of Greene county's newly organized Young Republican club one evening last week.

A program of active participation in the coming election campaign was outlined at the meeting.

Classes Elect Officers at The College

Cedarville college classes selected officers of their respective classes for the coming year this week. The senior class elected Fred Long, son of Mr. and Mrs. S. Ray Long of Troy as their president; Jack Bellville, son of Mr. and Mrs. W. S. Bellville of East Fentonham as vice president; James Shaffer, son of Mr. and Mrs. H. M. Shaffer of Minerva as secretary-treasurer; and Forrest W. Stevens, son of Mr. and Mrs. Alvin M. Stevens of Portsmouth as student council representative.

The junior class announced Garland Cox, son of Mr. and Mrs. Cody Cox of Manchester as president; Thomas Osborne, son of Mr. and Mrs. Samuel Osborne of South Point as vice president; Kenneth Carpenter, son of Mr. and Mrs. W. L. Carpenter of Fairborn as secretary-treasurer; and Paul Dunn, son of Mr. and Mrs. Fred Dunn of Winchester as student council representative.

The sophomores reported Darrel Cox, son of Mr. and Mrs. Glenn D. Cox of Portsmouth as president; Edward Kure, son of Mr. and Mrs. Henry Kure of Hamilton as vice president; John Mishos, son of Mrs. Grace Mishos of Hamilton as secretary; Charles Burns, son of Mrs. Gladys Burns of Portsmouth as reporter; David VanTress, son of Mr. and Mrs. M. E. VanTress of Springfield as treasurer; and Dillard Marcum, son of Dillard Marcum, Sr. of Hamilton as student council representative.

The freshmen elected Margaret Swaney, daughter of Mr. and Mrs. Frank Swaney of Cedarville as president; Ray Pater, son of Mrs. Orie Dunlap of Hamilton as vice president; Rosalind Miller, daughter of Mr. W. W. Miller of Cedarville as secretary; Patricia Gossett, daughter of Mr. and Mrs. Roy Gossett of Springfield as treasurer; and James Luttrell, son of Mr. and Mrs. Elmer Luttrell of Cedarville as student council representative.

FFA To Conduct Fall Fair on October 6

The seventh annual Cedarville Future Farmers of America and Future Home Makers fall fair will be held at the schoolhouse Friday evening, Oct. 6, 1950 at 8 p. m.

Prizes will be awarded in the following classes: corn, small grain, vegetables, fruit, baked goods, sewing, etc.

The evening program will consist of music by high school band and movie and awarding of door prizes.

To Show Films At U. P. Church

Sunday evening, Oct. 8 will be the first of a series of religious films to be shown the second Sunday of each month. This film will be shown in the U. P. Church.

Same as last year these films are sponsored by the Wesley Class, Methodist Church; McKibben class, of U. P. Church and West Minister class of Presbyterian Church. These films are all first-rate religious films and are very worth while. The committee hopes for an increase in attendance for these films. If attendance permits the shows will continue throughout the winter.

A free will offering is taken to cover the cost of the films. We hope each church will support this project and urge their young people to attend. These films are also shown to the children at the Greene County Home.

INJURED IN ACCIDENT

Mrs. Jim Duffield has received word that Mrs. Vance Burba is in the hospital in Grand Rapids, Mich., suffering from 10 broken ribs received in an auto accident. Other occupants of the car were not hurt.

Reserve Officer Called to Duty

Comdr. Robert W. MacGregor, Cedarville, naval reserve officer, has been called for active duty and will leave Wednesday for San Francisco from where he will go to Tokyo for assignment with military sea transport service.

Comdr. MacGregor served in the navy six years in World War II and was stationed in Japan a part of that time.

Mrs. MacGregor and daughters, Jane and Eleanor, will remain at the MacGregor farm home, Braeburn, at Cedarville.

Savings Now Protected Up to Ten Thousand

The Cedarville Federal Savings and Loan association of Cedarville announced today that, effective immediately, federal insurance coverage will be provided on all savings accounts up to \$10,000. The previous maximum coverage was \$5,000.

The increased coverage follows the signing into law by the President Truman of legislation boosting insurance protection for associations with savings accounts insured by the Federal Savings and Loan Insurance corporation.

"Our association will bear all the cost of protection for our customers," and the new law affords us the opportunity of securing a further safeguard for the funds of our savers."

He pointed out that the increased insurance coverage applies equally to all accounts held by an individual, two persons with right of survivorship, trusteeships, partnerships and corporations.

Under the new legislation, it was explained, savings associations will increase their premium payments to the Federal Savings and Loan Insurance corporation in return for the increased insurance coverage.

Across the country as a whole, nearly \$11,000,000 was paid by savings associations in premiums to the FOLIC.

As of June 30, 1950, there were insured savings associations all over the country with total savings of the public of \$10,754,000,000. This amount represents about 80 per cent of all savings held by these institutions, both insured and uninsured.

At present, approximately 93 per cent of all savings held by insured institutions are included in accounts under \$5,000 and are already covered. With the increased coverage, this total will rise immediately to 98 per cent.

It is expected that the number of persons with savings accounts over \$5,000 will rise steadily as the public becomes more and more familiar with provisions of the new law.

According to W. E. Stuckey, farm safety specialist for Ohio, nearly 900 FFA chapters in Ohio are expected to cooperate in the campaign. Watching the campaign with a great deal of interest will be the Ohio farm and home safety committee and the Ohio state educational commission who are sponsoring the educational materials.

Last year 234 chapters FFA with a membership of over 7,000 contacted 8,756 corn picker operators. The number of accidents dropped to 104 as compared to 221 the year before.

Mrs. Jackson Fatally Hurt In Accident

Mrs. Dorothy Rose Oglesbee Jackson, 42, wife of M. H. Jackson, 4015 Brookfield Ave., Louisville, Ky., and former Greene county, was injured fatally in an automobile accident, near Louisville, Wednesday night.

The daughter of the late Dr. E. C. and Nancy Owens Oglesbee, she was born in Cedarville and resided here until her marriage. A vocalist, she was active in music circles before moving from Cedarville.

Besides her husband and sister, the only other survivors are a number of nieces and nephews.

Fess Is New Head Officer Of Greene 40-8

Lowell Fess of Yellow Springs, Greene county's state representative and a veteran of World War I, was elected chief de gare (president) Thursday night at Greene County's 40th and 8th district society.

Mr. Fess, who succeeds Maj. Herman C. Gill, military instructor at the OHSO home, and all other newly-elected officers will be installed at a dinner meeting Thursday night, Oct. 19.

Dr. Elwood Palmer, pastor of the First Church of God, Cedarville, announced that the popular evangelist, W. D. Woosley of Kentucky will be at the Church of God Oct. 1, Sunday, 11 a. m. and begin evening revival services that same evening at 7:45 p. m. and each evening thereafter at the same time, except Saturday, thru Oct. 14.

Prayer groups will meet at 7 p. m. each evening in the basement of the Church of God, a prelude of prayer prior to the regular meetings. These groups are non-sectarian and all are invited to take part.

Rev. Palmer announced that Evangelist Woosley's return is an occasion of special significance since Rev. Woosley conducted the first scheduled revival held in the Church of God's new building two years ago. Of interest to some folks may be the fact that top-flight evangelists are scheduled two years ahead and the Cedarville area is extremely fortunate in having W. D. Woosley of Irvine, Ky., noted for his pure Kentucky style and complete consecration to the work of evangelism. "There is no room for 'self' in the service of the Master, and I am grateful for the strength to carry His Word into whatever fields are opened to me," said Rev. Woosley when mentioning that his schedule is filled two years ahead.

A. C. Kilgore, Springfield, will direct the singing and will be soloist.

Three nights of pre-revival meetings opened, Wednesday, and will continue thru Thursday and Friday of this week, being conducted by Rev. Kenneth Loy, pastor of the Church of God, Chillicothe. Everyone is welcome.

Jackets Drop Two Close Ones In Succession

For the second week in a row the Cedarville college Yellow Jackets dropped a two-touchdown decision, this time to Georgetown by a 19-6 count.

The Georgetown fray was almost a duplication of the Ohio Northern game, with the Kentuckians counting two of their three TDs on long plays.

Cedarville got the first break of the game in the middle of the first period when Wagner intercepted an enemy aerial and returned it to the Georgetown 25. Four plays gave the Jackets a down on the 5, but four more plays gave Georgetown the ball on downs on the 10 as the Jackets lost 8 yards on fourth down with 2 to go for a score.

Early in the second quarter Georgetown recovered a Jacket fumble on the Cedarville 44. A line play netted 1 and then the visitors shifted from the T into a short punt formation with Turner going the distance and Redmon converting.

The visitors racked up another in the middle of the second on a sustained march from the Jacket 15 with Pinchback going over from the 1.

The Jackets got there in the late stages of the second. After taking a punt on their own 32, Burton in three plays lugged for a first down on the 48 and two plays later from the Georgetown 41 Burton flipped a long one to Malone for the tally.

A 68 yard run by Turner, early in the third period, gave the visitors their third marker and the final scoring of the day.

Both teams missed scoring opportunities in the final period.

OBSERVATIONS

There is a shortage of box cars, despite the fact railroads have been buying them by the thousands. Mile-and-a-half-long trains running right behind one another all the lines up a lot of box cars. People in most of the seaboard cities are rushing to buy homes in the country, several miles out. They are afraid of A-bombs. . . It is discovered, that more people are cashing bonds than are buying new issues. Korea did it. . . The all-wise United Nations set a group of smart folks to work on the study of races and their capacities, to prove or disprove the superman ideas that have cost the world so heavily. In 2,000 words the commission reported that there is no difference to be found among the peoples of the earth. St. Luke, the Gospel writer, said it in 10 words: "God hath made of one blood all nations of men." . . The Creator still holds the balance of power, and His might remains supreme. "Way up on the roof of the world in Asia's tallest mountains He shook that section of the world with an earthquake, and His tempests sweep over the oceans, driving man's frail craft to shatter or to destruction. "The Lord God terrible reigns."

AN AIRMEN SPEAKS

Capt. Eddie Rickenbacker, ace flier and one of America's really great heroes, openly says that World War III can be averted only through unity and prayer. "No one could possibly win a world war either morally, physically or financially," he says. Economic ruin of America and the world would result; the commanding of everything will result in a thrall from which we will never be able to shake ourselves, he predicts. "We can not go on forever depleting our resources and failing to replace them; I am opposed to destroying the very foundation of the USA in order to build up the balance of the world because it can not be done." He thinks in one generation we will reduce ourselves to the level of the other peoples of the world. "If faith and prayer can be solidified with rekindling of American spirit and unity of purpose, America will always be strong enough to withstand any attack," the famous pilot believes.

WHY A TURNPIKE

Unless you've actually counted the trucks passing a given point in a given time you have no idea how many of them are on the roads. In Medina, an upstate town on SR-18, a count was taken for four months. In that time 78,000 trucks passed through the town. That's 20,000 a month, nearly and about 1,000 a day—and that's a lot of trucks! The first of what is planned to a series of cross-state turnpikes is proposed for Northern Ohio. Truck traffic that now clutters four of the main east-west routes would be diverted to the turnpike. Such a highway would cost an estimated 250 million—just a little loose change compared to war-time appropriations.

THE PLEASURE OF WORK

The new president of the University of Vermont says that the greatest task American schools face is recreating interest in the pleasure of work. He plans to make the university a breeding place for the spirit of work—the sort that built America. He has hired for the job because he believes in "old-fashioned honesty and the virtue of self-help and hard work." He says: "In the middle of the 20th century we are dedicated to four freedoms—freedom from toil, freedom from responsibility, freedom to take it easy and freedom to do nothing." Looks like the University of Vermont would be a good place to send junior and sis.

WEATHER

The constant topic of conversation has had special zest this year—the weather has been talkable. "Did you ever see anything like it?" folks ask one another, their teeth chattering. Jay unto day they utter speech, and night unto night the handwork of the shawl maker comes into the picture. It is unwise to write about the weather in a weekly—or even one edition of a daily newspaper. It may change before folks read it. But up to and including the time this is written by a bundled-up editor of a Greene county weekly newspaper it's been colder'n'heck all summer! And wet as sop.

Memory Selection: Philippians 1: 27.

THE LESSON today begins the study of "Growing in Christian Living," to be followed during the fourth quarter.

Salt helps to preserve food. Christians are as salt. They are saving influences against moral corruption. They are also shining lights. Jesus indicates a light is to shine, not to be hidden. A Christian's light can not be hid. His daily life influences others. He is faithful to the smallest demand of right. His righteousness exceeds that of the scribes and Pharisees.

His life is "worthy of the gospel of Christ." He is sincere and devoted to Christian ideals. He is not afraid to stand against present evils. Surely there must be no compromise with them.

In Thessalonians 3: 15-23 things Christians must do and those they must not do are set down. They must not retaliate in being wronged. They must pray "without ceasing," that is, be always in the attitude of prayer. They must "hold fast to that which is good," and "abstain from every form of evil."

So Christians must have the religion of which James writes. Dwelling among their fellows, they must do all the good they can to those in need. And, tempted by the evils around them, they must "keep themselves unspotted from the world." With such a religion they can do what they ought to do.

state and "fair deal," which like the "new deal" is socialism. The trick of ages old, and the results are always the same—a lulling into insensibility and complacency of the people while they lose their freedom.

PRODUCTION

The long-haired, starry-eyed boys, who send out whistle-stoppers on public-paid treks over the country predict \$12,000 a year incomes for everybody in the mythical year 2000. How? Production! As if production did not bring about all the prosperity the world has ever known. But production never appears in the form of handouts. Handouts are handicaps to production.

If the man whose picture is in the paper is greatly improved as he says after taking a few doses of the medicine we dread to think how he looked before he took one of it.

The life expectancy of the modern automobile is 50,000 miles, not counting the long-lost weekends.

"HOW TO WIN FRIENDS and INFLUENCE PEOPLE"

The Value of the Efficient Worker

ARE YOU WORRIED about holding down your job if you make a mistake several times in succession? Or do you assume an independent attitude rather prevalent among the young workers today? I know one young office worker who says she made the same mistake three times in her new position. She had got her job through a friend who was a friend of the boss, and feeling that he might say nothing because of this relationship, she went to him and resigned. He looked surprised and when she told him why, he said, "Well, Miss Brown, you are a very conscientious worker; your work is neat and efficiently done; we have been very pleased because you are always on time; you don't spend hours each week telephoning friends during working hours; you are careful of your personal appearance, and we don't find all these qualities combined in one person very often. So we'll have to allow for a few mistakes, even if your addressing the same client wrongly three times did cause some inconvenience. I don't think you'll do it again."

Then Miss Brown was surprised, and his attitude awakened a well spring of gratitude within her.

I was reminded of Miss Brown recently when I was told an incident by Miss Ruth Minogue, Richmond Hill, N. Y. A short time ago she threw into the waste basket a navy department order for 5000 books together with a check in payment. This was returned by the cleaning woman. She began to wonder if it had happened before, and what would happen to her if she was again so careless. She thought her employer was watching her rather closely since the careless happening occurred, and this made her a bit nervous. She began to worry for she wanted to hold down that job, and more than that, she didn't want to be dismissed as inefficient from any job.

After a few days of worry, she saw that it was affecting her work. When I told her about Miss Brown she compared herself with Miss Brown, and felt she compared favorably. Then she decided to make her boss feel about her as Miss Brown's boss had felt about Miss Brown.

After acting on this decision for a couple of days, she stopped worrying, and went ahead with her work in an efficient manner. I just want to assure Miss Minogue that the boss is just as eager to retain a good worker as a worker is to hold down a good job. I want to tell her, too, that two percent will include all the really efficient workers. And it isn't so difficult to be one of them, barring lack of experience.

CLARENCE J. BROWN Writes With a Buckeye In Congress

The congress stands in recess or adjournment until Nov. 27, at which time it will re-assemble to consider a new excess profits tax bill and other emergency legislation. The recess plan was worked out by administration leaders in the congress after consultation with the president and was put through as a majority party action, although many members of congress, including your reporter, insisted the congress should remain in session as long as the present emergency continues.

Before recessing last week the house completed action on, and sent to the president, a new tax bill which will increase taxes on individuals and corporations by \$4.7 billion. Approximately 50 million individual taxpayers will have their annual income taxes increased by \$3 billion, or approximately 20 per cent. This new individual tax will apply to one fourth of the 1950 income and will take full effect in 1951, with withholding taxes being increased from the present 15 per cent to 18 per cent as of Oct. 1. The tax rate on corporations will be increased from 38 per cent to 45 percent, to bring in an additional \$1 billion \$500 million a year, and will apply to corporation earnings for the last half of 1950, system, and some price controls.

"I REMEMBER" BY THE OLDTIMERS

From Lucille Martin of Gary, Ind.: I don't remember the little red schoolhouse, but I do remember the three-room red brick school building with each room heated with a pot-bellied soft-coal stove. The building usually was set in a

small chinery yard. There was a red-composition water bucket in each room with a tin dipper which was shared by about 80 pupils—a far cry from the more sanitary drinking fountain.

From Abigail M. Temple of New York City: Who remembers the songs of Col. Will B. East? A few of his most popular numbers were: "Evangeline," "My Southern Sunny Home," "Little Log Cabin in the Lane," "Take This Letter To My Mother," "Mollie Darling," "The Drummer Boy of Shiloh," "Till Remember Your Love In My Prayers," "Fourteen Years Ago," "Tilden and Reform," "Driven From Home," "Old-Fashioned Roses Are Sweetest" and "Nora O'Neill."

From Mrs. Mary Stewart of Chicago: I remember getting matches in long boxes containing 1,000 pine sticks with sulphur tips. A box seemed to go fast. Diamond was the most wanted brand.

From Mrs. Maude Phillips of Ontario, Calif.: Those song-titles sure bring back old memories to me. Those I remember best include: "When You and I Were Young Maggie," "Nellie Gray," "On the Lone Prairie" and "My Old Kentucky Home."

Without comment we quote a news report from Washington Post, which may be of interest to our readers: "Eugene esvernine, acting officer-in-charge of Carlisle affairs at the state department, was arrested at 10:30 p. m. last Thursday in East Potomac Park with a 13 year old boy, and charged with assault or attempted assault on a minor. He was booked on the charge of violating the iller act—the so-called 'sex psychopathy' act—arrested in municipal court Friday, and held for trial on Oct. 3, under a \$2,000-bond."

Under the direction of W. Stuart Smington, coordinator of defense production and controls, and secretary of Commerce Sawyer, organizations are quietly being set up and employees selected to control prices and wages, fix priorities, make allocations, and institution controls. Administration plans call for "easing" a controlled economy into effect, first by slightly tightening up on credits, and allocating some scarce and strategic materials between now and election. Present plans call for more stringent credit controls, soon after election, and beginning of priority freezing of prices, wage and salary controls, tightening or rent controls and cutbacks in building, production of automobiles, house appliances, and many other civilian commodities. Soon thereafter will come rationing. Taxes will be increased again, the draft will be speeded up, with married men and veterans losing their exemptions, and by June, government will be in full control of the American economy—if present administration plans work out.

The Mundt-Nixon-Ferguson-McCarran security bill, which

as well as 1951. The agreement was made that an excess profits tax provision will be written into the revenue laws after congress reconvenes in November, and will be retroactive on a portion of 1950 corporate earnings. Corporate tax collections will be 'speeded up' under the new law. GI's in be given complete tax exemption, with officers receiving a \$2400 annual tax exemption.

William Z. Foster, chairman of the Communist party in the U. S. and recently convicted of subversive activities, has put his party membership under orders to support the Truman administration and its congressional candidates. Foster's instructions to his Communist followers, published in a Washington newspaper late last week, created much comment on Capitol Hill and throughout government circles.

The appointment of Gen. George C. Marshall as secretary of national defense has greatly strengthened the position and influence of Secretary of State Acheson, both in the Truman administration and in international affairs. It also probably means that Communist China will soon be given a membership in the United Nations and a seat in the security council. A story comes from sources considered reliable that a deal has already been made whereby Red China is to replace Nationalist China in the United Nations, with the price tag being an agreement by the Chinese Reds not to fight on the side of North Korea or to interfere in Indo-China.

Gen. MacArthur's brilliant military moves in Korea are being closely watched in Washington. If the MacArthur gamble pays off, as now appears likely, the Korean war has been the bloodiest and most costly in lives, in proportion to the number of men involved in combat, of any in which this country has ever engaged. Casualties have been running extremely high.

Without comment we quote a news report from Washington Post, which may be of interest to our readers: "Eugene esvernine, acting officer-in-charge of Carlisle affairs at the state department, was arrested at 10:30 p. m. last Thursday in East Potomac Park with a 13 year old boy, and charged with assault or attempted assault on a minor. The Mundt-Nixon-Ferguson-McCarran security bill, which

would require the registration of Communists and Communist organizations within the United States and which passed the senate with only 7, and the house with only 20, votes against it, was vetoed by President Truman last Friday. Within 30 minutes after the veto message was received the house had voted 288 to 48 to override the president's veto. At the time this column was mailed out of Washington (Saturday noon), the senate was trying to bring an end to an all-senators against overriding the veto. It appears rather certain the senate will also override the veto when the roll is finally called, and our security laws against Communists, Communist organizations and radical activities will be greatly strengthened.

County Still Has Covered Bridges

Greene county's road system still has 21 covered bridges compared to 137 in 1893, County Engineer Lemcke reveals. Heavy motor-powered traffic, ravages of time and fire have taken the toll over the years. Another time-honored structure—the Eleazer road bridge owned by Painters Run may be removed this fall, Lemcke says.

The present long-span bridge is about 100 years old according to the best information the office has.

Federal Insurance Coverage On Savings Up To \$10,000

Is Now Provided By The Cedarville Federal Savings & Loan Assn.

Institutions affected have their accounts insured by the Federal Savings and Loan Insurance Corporation. The previous maximum insurance coverage had been on accounts less than \$5,000.

The higher coverage follows the signing into law by President Truman of legislation boosting insurance protection for associations with savings accounts insured with the FSILIC.

The associations will bear the entire cost of the new protection for their customers, and the new law affords them an opportunity of securing a further safeguard for the funds of their savers.

The increased insurance coverage applies equally to all accounts held by an individual, two or more persons with right of survivorship, trusteeships, partnerships, and corporation.

Across the country last year, nearly \$11,000,000 was paid by savings associations in premiums to the FSILIC.

As of June 30, 1950, there were insured savings associations all over the country with total savings of the public of \$10,754,000,000. This amount represents about 80 per cent of all savings held by these institutions both insured and uninsured.

At present, approximately 93 per cent of all savings held by insured institutions are included in accounts under \$5,000 and are already covered. With the increased coverage, this total will rise immediately to 98 per cent.

It is expected that the number of persons with savings accounts over \$5,000 will rise steadily as the public becomes more and more familiar with provisions of the new law.

Don't Pasture Or Clip New Seedling

This is closed season for new legume seedlings and plantings of alfalfa, clover and grass mixtures made in wheat this spring should not be pastured or clipped for the next five or six weeks. Clip New Seedlings

During September and October red clover and alfalfa plants are storing in the roots the reserve materials that are produced in the leaves. This root storage makes the plant more able to go through the winter without injury. If the tops are cut or pastured off in September or October this root storage is prevented, and additional new growth starts at the expense of root reserves. This further weakens the plant.

Highlights of the program were a visit through the state capitol, and attendance at a tea given by Mrs. Lausche at the governor's mansion.

On The Sports Scene

Cedarville topped Jamestown, 3 to 1, to take first place in the county baseball league on Tuesday afternoon, on the local diamond. While the Indians have not lost a game so far, there is a chance for three teams to upset our victory which would result in a play-off each in the spring. The Bellbrook-Cedarville game, played on Sept. 1, and previously reported in our column as a

victory for Bellbrook, officially resulted in Bellbrook's forfeiting the game, as Adams, Bellbrook's pitcher, was ineligible to play. As a result of this change Cedarville and Jamestown made the play-off Tuesday, Sept. 26 the Indians defeating Jamestown 3 to 1 in a very tight ball game. The winning pitcher for Cedarville was Harris, and Edwards pitched for Silvercreek.

Summaries: Jamestown 4 hits, 1 walk and 1 run; Cedarville 6 hits 1 walk and 3 runs.

Class Movies Showa

Mrs. Marshall's home ec classes have seen two movies as a part of their recitation practices.

The film, "Naturally Yours" concerned food preservation; and "Progress in Products" was shown to the advanced class as a nutrition review and to the beginning classes as an introduction to nutrition. The latter movie also gave a good account of

the production of oleo-margarine.

If the guy feels like he looks the patent medicine didn't do him as much good as it ought to have done.

RESOLUTION No. 261
Declaring It Necessary To Improve Portions of Numerous Streets In The Village of Cedarville, Ohio By The Extension And Construction of Sanitary Sewers and Designated "1950 Sewer Extension Improvement."

Be it resolved by the council of the Village of Cedarville, State of Ohio, (3-4ths of all members elected thereto concurring):

SECTION 1. That it is necessary to improve portions of the streets hereinafter named in the Village of Cedarville, Ohio, by the extension and construction of sanitary sewers, to-wit:

Sanitary Sewer Extension No. 20

It is proposed to construct an 8" diameter vitrified clay sanitary sewer line, running as follows: Beginning at a sanitary sewer manhole designated No. 26-1, located at the intersection of North and Walnut Streets and extending North on Walnut Street for a distance of 330' to a proposed sanitary sewer manhole designated No. 26-3; thence, continuing North on Walnut Street for a distance of 195' to a proposed sanitary sewer manhole designated No. 26-5; thence, continuing North on Walnut Street for a distance of 200' to a proposed sanitary sewer manhole designated No. 26-6; thence, continuing North on Walnut Street for a distance of 250' to a proposed sanitary sewer manhole designated No. 26-7; thence, continuing North on Walnut Street for a distance of 260' to a proposed sanitary sewer manhole designated No. 26-8, located at the intersection of Walnut and Center Streets, which is the terminus of this line.

Sanitary Sewer Extension No. 21

It is proposed to construct an 8" diameter vitrified clay sanitary sewer line, running as follows: Beginning at a proposed sanitary sewer manhole designated No. 26-9, located at the intersection of Center Street and the first alley East of Walnut Street, and extending East on Center Street for a distance of 155' to a proposed sanitary sewer manhole designated No. 26-10, located at the intersection of Center Street and the first alley East of Walnut Street; thence, continuing East on Center Street for a distance of 225' to a proposed sanitary sewer manhole designated No. 26-11, which is the terminus of this line.

Sanitary Sewer Extension No. 25

It is proposed to construct an 8" diameter vitrified clay sanitary sewer line running as follows:

Beginning at a proposed sanitary sewer manhole, designated No. 26-10 located at the intersection of Center Street and the first alley East of Walnut St., and extending North on the aforementioned alley for a distance of 140' to a proposed sanitary sewer manhole designated No. 26-10A which is the terminus of this line.

The foregoing to be designated "1950 Sewer Extension Improvement."

SECTION 2. That it is hereby determined that the portions of said streets above set forth are so situated in relation to each other that in order to complete the improvement thereof in the most

practical and economical manner same should be improved at the same time, with the same kind of materials and in the same manner and shall be treated as a single improvement. And that the grade of said streets as improved shall be as shown by the engineer's plans and profiles which are made a part hereof.

SECTION 3. That the plans, specifications, estimates and profiles of the proposed improvement, heretofore prepared by the engineer, and now on file in the office of the Clerk of Council, be and the same are hereby approved.

SECTION 4. That the whole cost of said improvement less 1-50, and the cost of intersections, shall be assessed by the front footage up on the following described lots and lands, to-wit, all lots and lands bounded and abutting upon the proposed improvement, which said lots and lands are hereby determined to be specially benefited by said improvement; and the cost of said improvement shall include the expense of the preliminary and other surveys, and of printing and publishing the notices, resolutions and ordinances required and the serving of said notices and the cost of engineering, legal services and expenses, and the cost of construction together with interest on the notes and bonds issued in anticipation of the collection of deferred assessments and all other necessary expenditures.

SECTION 5. That the assessments to be levied shall be paid in ten annual installments with interest on deferred payments at the same rate as shall be born by the bonds to be issued in anticipation of the collection thereof; provided that the owner of any property assessed may, at his option, pay such assessment in cash within thirty days after the passing of the assessing ordinance.

SECTION 6. That bonds of the Village of Cedarville, Ohio, shall be issued in anticipation of the collection of assessments by installment and in an amount equal thereto, and notes of said Village shall be issued in anticipation of the issue of such bonds.

SECTION 7. That the remainder of the entire cost of said improvement not specially assessed, including the cost of intersections, together with the cost of any real estate or interest therein purchased or appropriated, and the cost and expense of any appropriation proceedings therefor and the damages awarded any owner of adjoining lands and interest thereon and the cost and expense of any such award shall be paid out of any lawful funds available or by the issuance of bonds in the manner provided by law.

SECTION 8. That Resolution No. 258 and all ordinances and resolutions or parts of ordinances or resolutions in conflict herewith are hereby repealed.

SECTION 9. This resolution shall take effect and be in force from and after the earliest period allowed by law.

Passed this 18th day of September, 1950.
